LOCATION

WERK 2 seamlessly combines the unique industrial heritage of historic 19th-century factory architecture with modern event spaces.

At the heart of the venue is our spacious, multifunctional hall. Thanks to its highly flexible layout options, it provides the ideal setting for product presentations, roadshows, corporate events, fairs, exhibitions, and custom event formats.

This range of spaces is complemented by a smaller event hall featuring a permanent stage – perfect for concerts, lectures, panel discussions, presentations, or cultural events in a uniquely atmospheric setting.

If big or small, creative or classic: Our versatile spaces can be tailored completely to your specific needs. Working closely with you, we will develop a customized event concept and support you from the initial idea right through to its successful execution – ensuring an event that leaves a lasting impression.

HALLE A

Halle A is the largest event space at WERK 2, providing a perfect foundation for a variety of events. With the spacious, multifunctional hall and the flexible floor plan, it is suited for conferences, seminars, congresses such as company events, product presentation, fairs and exhibitions.

The open architecture creates endless possibilities for custom room concepts and creative staging. Short transport routes and a highly functional infrastructure ensure efficient setup and breakdown, guaranteeing smooth operations throughout your entire event.

Exposed brickwork, striking steel beams, and the distinctive ceiling structure lend the hall its unmistakable industrial character. Historic overhead cranes serve as a reminder of the building's industrial past, blending harmoniously into the overall design. The result is an impressive backdrop that seamlessly bridges its authentic factory charm with the demands of a modern event venue.

Catering

Catering is an essential part of any successful event. Together with our long-standing, regional catering partners, we develop a bespoke catering concept that perfectly combines all your requirements with the organisational framework.

The range extends from regional and Mediterranean cuisine to international buffets and high-quality finger food. Vegetarian and vegan dishes are, of course, incorporated into the planning so that all guests can find suitable options.

Decoration

With bespoke decoration, we create a distinctive atmosphere for your event. In collaboration with selected regional partners, we develop design concepts that skilfully showcase your corporate identity, event theme or brand identity – stylishly, creatively and with meticulous attention to detail.

In addition, our experienced in-house lighting and sound technicians ensure the appropriate technical implementation and help to showcase venues and productions to their best advantage.

SERVICE

Cultural programme

Whether it's live music, a DJ, a band, cabaret, a reading or a show act – on request, we can arrange a suitable cultural programme for your event. Our experienced booking team draws on a diverse network of artists and regional partners to put together a bespoke programme of events tailored to your needs.

Thanks to WERK 2's close ties to the local cultural scene, we regularly organiseculturally-focused events that highlight the venue's unique character and enrich your event with high-quality programme content.

Furniture

In addition to our own furniture, such as bar stools, bar tables, banquet tables and chairs, we offer you the opportunity to customise the set-up for your event in collaboration with our partners. This allows the set-up to be flexible, adapt to the specific event concept, and be supplemented as required.

Further Services

We can also offer the following services for your event:

- Technical staff
- Set-up assistants/set-up crew
